Respected Sir,

Greetings!

We feel extremely elated as you have accepted our invitation as a speaker in the seminar titled, "Seminar on Research Methodology, Intellectual Property of Rights and Patent Procedure" on 10th Sept 2022 at 10:00 a.m., organized by Innovation and Entrepreneurship Cell in association with the Department of Physics, Rayat Shikshan Sanstha's, Karmaveer Bhaurao Patil College, Vashi, Navi Mumbai, especially for the teachers and students of our institute. We request you to share your views on the present topic- Research Methodology.

Please find the attached herewith the brochure of the present seminar and we are looking forward to having you in this seminar. We are sure that your experience and expertise in the present field will surely benefit the college's teachers and students.

Please send your short CV to kvchandekar@kbpcollegevashi.edu.in

Thank you with warm regards

Ph.D. Gudeship : Department of Physics (UDP),
: Department of Chemistry (UDC)
: National Centre for Nanoscience and Nanotechnology (NCNN)

Brief Introduction

Dr. Pradip Sarawade is Assistant Professor in the Department of Physics at University of Mumbai. He is a recognized Ph.D. guide at Department of Physics, Centre for Nanosciences and Nanotechnology and department of Chemistry since 2015. He already supervised five Ph.D. and 4 M. Phil. and more than 50 MSc, Project Students. Currently, four Ph.D. and two M. Phil. Students are pursuing their research work under his guidance.

He was awarded Gold Medal for best doctoral thesis from Hanyang University, South Korea. He developed a convenient synthetic protocol for the millimeter and micrometer sized hydrophobic & hydrophilic nanoporous *Silica Aerogel* beads with 3D nanostructures under ambient conditions during his postdoctoral research at Hanyang University.

He has published more than 90 articles with total impact factor of more than 300, **h**-index 28 and more than 2000 citations; in high-impact journals such as Chemistry of Materials, Chem Sus Chem, ACS Sustainable Chemistry & Engineering, and Chemical Engineering Journal , Journal of Material Chemistry –A etc. Including a book on Silica Aerogels.

1. Academic Qualification:

Dr Radha Srinivasan

Dr Radha Srinivasan is currently Professor, Department of Physics, University of Mumbai. She graduated with a Master's degree in Physics from the Department of Physics, University of Mumbai in 1987 and worked for her doctoral degree at the Low Temperature Physics Group at the Tata Institute of Fundamental Research, Mumbai during 1987-1994 in the area of disordered magnetic alloys and spin glasses in moderate magnetic fields and low temperatures with Prof Girish Chandra and Prof A.K.Nigam.

She has taught Physics at undergraduate and post-graduate levels since 1995 and has implemented few research projects in the area of magnetism, investigating magnetic materials like ferrites, rare earth intermetallic compounds, magnetoresistive and magnetostrictive materials, nanomagnetic materials for biomedical applications. More than 60 publications have emerged from this study and she has guided several students for their research programs at M.Sc., M.Phil and PhD. She has implemented several research projects with support from University of Mumbai, DST, UGC-CSR and the key contribution has been the setting up of low cost instrumentation in the College laboratories and participative teaching and research programmes with the Science faculty members across the institutions in the city and beyond.

Presently, she is heading a language Department (Department of Sindhi) at the University and her contributions are to adopt ICT for effective communication and pave way for interdisciplinary research.

Karmaveer Bhaurao Patil College, Vashi, Navi Mumbai
Brief Report of Faculty and Students Training Program
on
“Seminar on Research Methodology, Intellectual Property Rights & Patents
Procedure” 10th Sept 2022**

Research methodology is the specific procedures or techniques used to identify, select, process, and analyze information about a topic. The basic concepts of research and its methodologies (a) to identify an appropriate research topic, (b) select and define appropriate research problem and parameters, (c) prepare a project proposal organize and conduct research in a more appropriate manner, and (d) write a research report. Moreover, Intellectual property rights (IPR) are the rights given to persons over the creations of their minds. They usually give the creator an exclusive right over the use of his/her creation for a certain period of time. Since, it is the rights granted to the creators of intellectual property that includes trademarks, copyrights, patents, industrial design rights, jurisdictions and trade secrets. Rather than protecting possessions, intellectual property law protects exclusive rights to use or reproduce the intellectual property (IP). The main objective of intellectual property and patent is to encourage innovation and granting protection to inventors that will allow them to recover research and development (R & D) investments and reap the benefits of their inventions for a limited period of time.

Outcomes:

- It provides an environment to the faculty members and the students of the institute for the creation, protection, and commercialization of intellectual property and to stimulate innovation and incubation.
- It facilitates the transfer of knowledge into the technology for intending the users to promote utilization of such resources for benefit of the society.
- Such type of activity creates an environment for acquiring new knowledge through innovation and research, compatible with the educational mission of the Institute.

Names of Resource person:

- 1) Dr. Radha Srinivasan, Professor, Dept. of Physics, University of Mumbai, Mumbai
- 2) Dr. Pradip Sarawade, Asstt. Professor, Dept. of Physics, University of Mumbai, Mumbai.
- 3) Mr. Pratik Hendre, Examiner of Patents & Designs, Mumbai
