NOTICE

Date- 04/07/2022

The college has received multiple complaints from the neighbouring societies about misbehavior, quarrels and fights amongst students studying in XIIth class in our college. These incidences are observed in the areas near the college campus. This is tarnishing the image of the institution.

All students are instructed hereby to adhere to a decent behavior even outside the campus and ensure they are not disturbing the neighbourhood.

If found guilty, a very strict action will be taken against such students.
