**15. Multidisciplinary / interdisciplinary**

1. All the programs offered by the institute are designed to provide multidisciplinary and/ or interdisciplinary flavour to the students. This helps the students to get exposure to disciplines other than those chosen by them. The institution has prepared a policy for curriculum design and development which is implemented by all the departments. Each program structure is designed as per the UGC and NEP 2020 guidelines by dividing the courses into five different categories. They are Core courses, Ability Enhancement Compulsory Courses, Skill Enhancement Courses, Discipline Specific Electives, and Generic Electives. Interdisciplinary courses are offered as elective courses. Students are given the freedom to choose courses from other disciplines as well. The institute also offers a wide range of Short-term courses for students that are targeted to increase the employability of the students. Entrepreneurship awareness courses, Technical courses, Communication skills courses, and Soft skills courses are also offered to provide opportunities for the all-round development of the students. Yoga, Dance, and Music courses are also offered by the institute. A specially curated course called "Self-Development Programme in the context of spirituality" is a compulsory course for first-year students of all disciplines that train the students to develop a balanced approach towards life.

**16. Academic bank of credits (ABC):**

As instructed by the Ministry of Education, the institute has registered itself on the portal. Also, registration of all the students in the Academic Bank of Credits is done and their registration numbers are stored in the database of the institute. Both these steps are promptly done as this is essential for enabling the students' mobility across Higher Education Institutions. Also, this is going to help in a seamless integration of skills and

experiences into a Credit Based system. At the end of the academic year, the credits earned by the students will be deposited in their respective ABC accounts in proper formats.

#### **17.Skill development:**

Skilling, upskilling, and reskilling of students are necessary for aligning their skill sets with the current or future industry requirements. Skill Enhancement courses are an integral part of both undergraduate and postgraduate programs in the institute. The courses in this category are essentially focusing on technical/subject-related skills. Students are also allowed to choose skill courses from other disciplines and faculties in order to obtain a multidisciplinary flavour. Soft skills are imparted by conducting courses like English communication courses, Campus to Corporate courses, etc. Skills in upcoming fields like Fintech, Artificial Intelligence, Internet of Things, Business Analytics, Capital markets, Digital marketing, etc are also offered to the students. Life skills are developed by conducting a compulsory four-credit course called "Self Development Programme in the context of Spirituality" for all the students in the first year of UG. A B.Voc. in Food Technology is also conducted in the college. Research projects, On-the-job training, or internships provide an opportunity for hands-on training and to increase the competencies and proficiency of students. A special focus is given to developing entrepreneurial skills amongst the students by conducting Entrepreneurship development programs.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

Marathi and Hindi are offered for Humanities Programs under ability enhancement courses. As most students are coming from vernacular mediums, they are taught in Marathi and Hindi whenever necessary. Indian Moral Philosophy Jainism and Buddhism, Charvak Vedic, and Cosmology modules are part of Philosophy courses. Foundation Course is a core course of twelve credits for all the programs which covers topics like the Constitution of India, Indian Traditions, and cultures. Yoga, Indian Music and Dance are offered as additional credit courses. A Value based course called Self Development Programme is compulsory 4 credit course offered to all first year students. Many competitions and programmes based on indian culture, music and dance are also conducted in the college.

**19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

All the programs are designed as per the Learning Outcome-based Curriculum Framework document of UGC. Institute defined graduate attributes of each program. Programs are awarded on the basis of demonstrated achievement of outcomes expressed in terms of knowledge, understanding, skills, attitudes, and values. Program learning outcomes are defined by keeping in mind that Graduate Attributes and courses are prescribed. Course outcomes are defined on the basis of Revised Bloom's taxonomy and the learning levels of the student. Course outcomes are mapped with program outcomes. Evaluation of attainment of outcomes is carried out by giving appropriate weightage and fixing the standard. the question papers and evaluation methods are designed in order to map the course outcomes. Mapping and attainment of the POs, PSOs, and COs are done with the help of specially designed software. The revision of curricula also takes into consideration the mapping and attainment reports.

The POs, PSOs, and COs of all the programs and courses are displayed on the institutional website.

**20.Distance education/online education:**

The use of ICT in education contributed a lot to a new form of teaching learning and assessment activities. Teachers are using blended learning methods in which ICT-enabled activities are associated with classroom teaching. Some modules of a few courses are taught online mode. Students are doing online certificate courses by using online platforms like NPTEL, and Coursera. Institute has a lecture recording system through teachers-prepared video lectures which are used for teaching-learning activities. Department created its own YouTube channels where lectures are uploaded. Each class has its own what's app group. E-contents are developed by teachers for teaching some modules of the courses. Science teachers prepared MOOCs. Central Library has provided N-LIST, a DELNET database through which students can access e-books and e-Journals. Preparation for offering distance education programs at the institute level is in process. In examination reform institute purchased On Screen Marking software for online assessment of answer sheets. The faculty members are preparing themselves to launch an online program/courses.

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

All the courses in any program of study offered by college are developed having relevance to local, national, and global developmental needs. The academic autonomy of the Institution provides the opportunity to frequently revise the curriculum based on needs and suggestions from various stakeholders. Every department which offers any program, has a Board of Studies (BoS) comprising the faculty, alumni, student representative and external subject experts who after deliberations, assess feedback from various stakeholders and approve the syllabus of any course.

All the streams have their program outcomes, program-specific

outcomes, and course outcomes in place, and these are displayed on the web page of the institute. College has adopted a CBCS for all its programs keeping in mind the need of local region, industrial belt, various opportunities in Navi Mumbai region hence major revisions had been carried out in all its programs and the course objectives and outcomes are spelt out clearly thereafter. Furthermore, the institute has been using the feedback from all its stakeholders viz. students, peer teachers, employers & alumni of late, to upgrade its curricula. Revision of the curriculum focuses mainly on introducing new courses with multiple facets for improving soft skills, general aptitude and technical aptitude.

## 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The conscious efforts are made by the institute while designing the curricula to integrate the cross-cutting issues relevant to gender,

environment and sustainability, human values and professional ethics. The college has imbibed different types of courses/topics in the curricula, some enhance professional competencies while others aim to inculcate general competencies like social values, human values, environment sensitivity etc., thereby leading to the holistic development of students.

The courses on Ethics, Human Values, Human Resources & Organizational behaviour and Community Outreach are embedded in the curriculum of all programs.

Gender sensitization is accomplished through the amalgamation of different topics in the course and the conduction of activities throughout the year. Being a coeducation system, boys and girls work hand in hand for various activities like pre-marital counselling

Human Values and Professional Ethics are imbibed through a course in Value- Based Education called "Self-Development Program" which is offered as a compulsory course to all the students. In view of social development activities like working along with NGOs, organizing blood donation camps, environment awareness camps, cleanliness drive, workshops on social issues, public health, gender issues, help in the natural calamity area etc. are organized by the NSS, NCC & women empowerment cell.

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The institution aims all-around development of all students through the pursuit of academic excellence within a diverse and inclusive environment. Institute has prepared a slow and advanced learner policy and set special programmes for slow and advanced learners. The teacher diagnoses the learning ability of students as per their performance in the "knowledge Assessment Test " and classified them into Slow and Advanced learners.

Programmes for Advanced learners:

1. Advanced learners are given opportunities to be a part of innovative projects, summer internships, enrolment in advanced Skill Enhancement Courses and competitive exams, participation in Avishaker which assists to get the opportunity for placement prior to completion of graduation.
2. Advanced learners take a minor and major project at UG and PG level, present and publish research papers in national and international conferences and journals respectively.

**Programmes for Slow learners:**

1. Remedial classes, a peer group study, additional home assignments, comprehensive study material, uploading recorded video lectures on Goole classroom for slow learners so that they can review and understand difficult concepts.
2. To motivate slow learners learning through games, puzzles and motivational guest lectures are organized by the subject teacher.

## 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Institute has a registered Alumni Association to foster a special connection between alumni and current students. It has been operating successfully for many years and, by providing assistance to the current students, is playing a crucial part in the pursuit of excellence in the field of higher education. In this academic year 2021-2022, alumni have contributed Rs. 16,67,415/- for the development of the college, departments, and assistance to needy students.

Objectives of the Alumni association:

1. To encourage and build-up a strong bond between the Institution and its alumni.
2. To initiate and develop programs for the benefit of the students.
3. To assist and supporting the efforts of the Institution in

obtaining funds for development.

4. To organize and coordinate Alumni reunion activities and allow Alumni to express their gratitude to their Alma Mater.

**Activities and Contributions:**

1. Alumni have donated funds to assist the college, departments and merit students of the Institution.
2. Alumni who are academicians are specially invited for meetings at the college and they interact with their teachers and express their suggestions on curriculum revision.
3. A few alumni gave guest lectures to current students on some recent technological developments and career guidance.

**GOVERNANCE, LEADERSHIP AND MANAGEMENT**

**6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The vision of the Institute: To work for 'Better Tomorrow' through the educational advancement of society while keeping social justice and social obligations in mind.

The mission of the Institute: We strive to cultivate minds and build characters of the young generations by imbibing in them scientific temperament, organizational abilities, and human values.

The governance of the Institution is reflective with effective leadership to achieve vision and mission is as under :

The statutory bodies play a pivotal role to fulfill the institute's vision, mission, and objectives. All the non-statutory committees and departments implement the plans approved by the statutory bodies/committees.

1. Departmental BOS comprises, a representative from another university, industry research, alumni, and VC nominee to prepare stimulating curricula to enhance employability, imbibe human values and support the overall growth of the students.
2. The Academic Council approves the curricula and discusses new programmes to be started by the institute.
3. The Governing Body and the College Development Committee monitor the governance of the institute and ensure the progress of the strategic plan.
4. IQAC designing and conducting enrichment/skill development courses for quality enhancement. Also making policies and SOPs in tune with the vision, mission, and objectives.

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

1) The governance system is decentralized by giving departments operational autonomy and heads have been assigned with complete authority to conduct curricular and co-curricular activities.

Leadership also interacts with students to understand their needs and opinions for their overall growth.

2. The institution believes in teamwork and endorses a participative management approach for decision-making and implementation of policies and plans.

College Development Committee [CDC] is the apex decision-making body, constituted under the University Act, and has the representation of teaching faculty members and non-teaching staff. The CDC takes all the decisions about starting new courses, infrastructure augmentation, and budgeting for various developmental activities. IQAC and the leadership team meet regularly with college

staff to discuss quality matters, policies, and plans, and to resolve issues if any. The departments have the freedom to form the BOS for designing the curricula and framing the evaluation system. HoD makes annual plans to schedule and carry out all academic and allied activities. HoD looks after the annual budgetary provisions for optimal utilization of funds. Under the guidance of HoD activities like designing and conducting enrichment/skill development courses, alumni meets, parent meetings, workshops, seminars, etc., are planned jointly by the faculty members.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

The institution has a well-planned system and facilities to manage degradable and non-degradable waste.

1. Segregation of waste: Degradable and non-degradable wastes are collected in separate bins placed at multiple locations on the campus.
2. The degradable waste is treated in two composting pits on the campus. This activity is managed with the help of Navi Mumbai Municipal Corporation (NMMC), and an NGO called Stree Mukti Sanghatana. The high-quality compost generated in a few months is used for the college garden.

3. The different types of non-degradable wastes are handled separately.

1. Paper waste- With the help of Stree Mukti Sanghatana the paper waste is recycled and the recycled paper is used for printing letterheads of the institution.

2. E-waste is collected in a separate bin placed on the campus and is handed over to the recycling company for scientific handling.

3. Toxic waste from laboratories is treated in the treatment plant

located on the campus, and then the effluent is discharged into the sewerage.

The institution has been awarded the "Cleanest Educational Institution Award" by Navi Mumbai Municipal Corporation under the aegis of "Swachchata Abhiyaan", Government of India.

## 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Educating our students through self-help is the motto of our institution. We travel on the path shown by our founder Padmabhushan Dr. Karmaveer Bhaurao Patil and work towards developing society and contributing to nation-building. In the current scenario of a declining value system, the institution has taken concrete steps for re-instilling human values amongst students to orient the progress and endorse moral awareness for the welfare of mankind. Therefore, a specially curated course on "Value Education" is conducted in the college as an integral part of the academic curriculum. A separate committee is established to run the course and around forty teachers are trained to conduct the course. The Heartfulness Institute helped in curating the course and training the teachers. The course is of 26 modules which have the following objectives:

1. Development of proper attitudes, ethics, and values like love, respect, cooperation, tolerance, large-heartedness, etc. amongst students.
2. Guide students on self-development and self-management.
3. Empower students to take proper decisions and make appropriate choices in challenging situations.
4. Promote appropriate social conditioning and contribute to nation-building. The course is conducted for first-year students of all streams.

**Part B**

**CURRICULAR ASPECTS**

**1.1 - Curriculum Design and Development**

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

All the courses in any program of study offered by college are developed having relevance to local, national, and global developmental needs. The academic autonomy of the Institution provides the opportunity to frequently revise the curriculum based on needs and suggestions from various stakeholders. Every department which offers any program, has a Board of Studies (BoS) comprising the faculty, alumni, student representative and external subject experts who after deliberations, assess feedback from various stakeholders and approve the syllabus of any course.

All the streams have their program outcomes, program-specific outcomes, and course outcomes in place, and these are displayed on the web page of the institute. College has adopted a CBCS for all its programs keeping in mind the need of local region, industrial belt, various opportunities in Navi Mumbai region hence major revisions had been carried out in all its programs and the course objectives and outcomes are spelt out clearly thereafter. Furthermore, the institute has been using the feedback from all its stakeholders viz. students, peer teachers, employers & alumni of late, to upgrade its curricula. Revision of the curriculum focuses mainly on introducing new courses with multiple facets for improving soft skills, general aptitude and technical aptitude.

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The conscious efforts are made by the institute while designing the curricula to integrate the cross-cutting issues relevant to gender, environment and sustainability, human values and professional ethics. The college has imbibed different types of courses/topics in the curricula, some enhance professional competencies while others aim to inculcate general competencies like social values, human values, environment sensitivity etc., thereby leading to the holistic development of students.

The courses on Ethics, Human Values, Human Resources & Organizational behaviour and Community Outreach are embedded in the curriculum of all programs.

Gender sensitization is accomplished through the amalgamation of different topics in the course and the conduction of activities throughout the year. Being a coeducation system, boys and girls work hand in hand for various activities like pre-marital counselling

Human Values and Professional Ethics are imbibed through a course in Value- Based Education called "Self-Development Program" which is offered as a compulsory course to all the students. In view of social development activities like working along with NGOs, organizing blood donation camps, environment awareness camps, cleanliness drive, workshops on social issues, public health, gender issues, help in the natural calamity area etc. are organized by the NSS, NCC & women empowerment cell.

## RESEARCH, INNOVATIONS AND EXTENSION

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

The instituteregularly updates its research facilities and has a research policy document.

In addition to this, institue has a centre for research consultancy and technical Services (CRCTS) and central instrumentation facility. Institute has equipments-HPLC, SEM [with EDAX], a UV-visible spectrophotometer, a C, H, N, and S analyzer, GC, HPLC, AAS, FTIR, Gouy Balance, etc.

The Institute has created an enabling environment to foster the institutional capacity for research culture through research frameworks and guidelines. The Institute has established a Research Promotion and Ethics Committee (RPEC), which promotes and monitors research activities conducted in various departments. The college installed Scanning Electron Microscopy (SEM) in this academic year for research and consultancy service.

The Committee has prepared a well-defined policy that focuses on promoting research. It helps to realize the vision and missions of an institute for contribution to national development by establishing a research culture, mobilizing funds from different agencies, endorse innovative research, and enriching quality publications with higher H-index. Furthermore, the research policy helps researchers promote their research findings through publication and patents. Well-defined research policy uploaded on the institutional website.

The governance of the Institution is reflective with effective leadership to achieve vision and mission is as under :

The statutory bodies play a pivotal role to fulfill the institute's vision, mission, and objectives. All the non-statutory committees and departments implement the plans approved by the statutory bodies/committees.

1. Departmental BOS comprises, a representative from another university, industry research, alumni, and VC nominee to prepare stimulating curricula to enhance employability, imbibe human values and support the overall growth of the students.
2. The Academic Council approves the curricula and discusses new programmes to be started by the institute.
3. The Governing Body and the College Development Committee monitor the governance of the institute and ensure the progress of the strategic plan.
4. IQAC designing and conducting enrichment/skill development courses for quality enhancement. Also making policies and SOPs in tune with the vision, mission, and objectives.

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

1) The governance system is decentralized by giving departments operational autonomy and heads have been assigned with complete authority to conduct curricular and co-curricular activities.

Leadership also interacts with students to understand their needs and opinions for their overall growth.

2. The institution believes in teamwork and endorses a participative management approach for decision-making and implementation of policies and plans.

College Development Committee [CDC] is the apex decision-making body, constituted under the University Act, and has the representation of teaching faculty members and non-teaching staff. The CDC takes all the decisions about starting new courses, infrastructure augmentation, and budgeting for various developmental activities. IQAC and the leadership team meet regularly with college staff to discuss quality matters, policies, and plans, and to resolve issues if any. The departments have the freedom to form the BOS for designing the curricula and framing the evaluation system. HoD makes annual plans to schedule and carry out all academic and allied activities. HoD looks after the annual budgetary provisions for optimal utilization of funds. Under the guidance of HoD activities like designing and conducting enrichment/skill development courses, alumni meets, parent meetings, workshops, seminars, etc., are planned jointly by the faculty members.

**7.3 - Institutional Distinctiveness**

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Educating our students through self-help is the motto of our institution. We travel on the path shown by our founder Padmabhushan Dr. Karmaveer Bhaurao Patil and work towards developing society and contributing to nation-building. In the current scenario of a declining value system, the institution has taken concrete steps for re-instilling human values amongst students to orient the progress and endorse moral awareness for the welfare of mankind. Therefore, a specially curated course on "Value Education" is conducted in the college as an integral part of the academic curriculum. A separate committee is established to run the course and around forty teachers are trained to conduct the course. The Heartfulness Institute helped in curating the course and training the teachers. The course is of 26 modules which have the following objectives:

1. Development of proper attitudes, ethics, and values like love, respect, cooperation, tolerance, large-heartedness, etc. amongst students.
2. Guide students on self-development and self-management.
3. Empower students to take proper decisions and make appropriate choices in challenging situations.
4. Promote appropriate social conditioning and contribute to nation-building. The course is conducted for first-year students of all streams.
